These plans were drawn to comply with owner's and/or builder's specifications and any changes will be made at the owner's and/or builder's expense and responsibility. These design drawings were neither prepared nor checked by a licensed engineer or architect, unless stamped otherwise. While every effort has been made in the preparation of these drawings, HeroTrust FlipHero, Inc. is not responsible for any and all damages resulting from non-compliance to code, errors, omissions, or unsuitability of purpose in the design. It is the contractor's sole responsibility to check all dimensions and other details prior to construction and is responsible for meeting local code requirements.
